## TECHNICAL PRODUCT BULLETIN TB-2023-07-01 Rev A

### Subject: 35VHC Product Obsolescence

IC Biomedical would like to confirm the product obsolescence of the 35VHC. The 35VHC has now been replaced by the TW 35 vessel which has more durable plastics and an increased hold time.

The TW 35 has been specifically designed for the every day requirements of laboratory and biorepository operations.

Features include:

- *Universal canister compatibility*
- *Fits in standard shipping boxes and containers*
- *Rugged ribbed high-strength aluminum body, magnaformed necktube design and more durable paint.*
- *Superior vacuum performance with insulation technology that delivers maximum holding times.*
- *Lockable lid with enlarged opening seals for securing ties.*

**TW Series**  
LN<sub>2</sub> FREEZERS

# TW35
